Introduction

The School of Visual Arts is a faculty of artists, designers and scholars engaged in the integrated activities of teaching and research. Faculty in the school believe a high level of professional activity not only enhances teaching, but also provides students with models upon which to pattern their own careers. Building on a traditional arts foundation, the faculty seek innovation in their work and in that of their students. The school's size, numerous programs and location in the Dallas–Fort Worth region create multiple opportunities for students to grow in their own disciplines. Because the students have varied socioeconomic backgrounds, their interactions create an atmosphere of heightened artistic initiative and independence.

Instruction is offered for students seeking a cultural foundation in art, but the curriculum focuses primarily on professional programs for those majoring and minoring in various art fields. The school's goals are to provide students a thorough understanding of a common artistic heritage, to stimulate their imaginations, to foster critical and analytical thinking, to inspire their creativity, to educate them in current technologies and to prepare them for entry into graduate school or a variety of careers.

The Bachelor of Fine Arts program in interior design is accredited by the Foundation for Interior Design Education and Research [146 Monroe Center...
The School of Visual Arts operates as one unit but is organized into divisions based on programs:

**Art History/Art Education**

The art history/art education division offers the BA degree with a major in art history and the BFA degree with majors in art history and visual art studies. The MA degree is offered with majors in art history and art education. The PhD is offered with a major in art education. Students interested in these degrees may contact Dr. Jacqueline Chanda, chair, division of art history/art education.

**Design**

The design division offers the BFA degree with a major in design and concentrations in communication design, fashion design and interior design. The MFA degree with a major in design is offered with concentrations in communication design, fashion design and interior design. Students interested in these degrees may contact Cynthia Mohr, chair, division of design.

**Studio**

The studio division offers the BFA degree with a major in studio art and concentrations in ceramics, drawing and painting, fibers, metalsmithing and jewelry, photography, printmaking and sculpture. The MFA degree with a major in studio art is offered with concentrations in ceramics, drawing and painting, fibers, metalsmithing and jewelry, photography, printmaking and sculpture. Students interested in these degrees may contact Jerry Austin, chair, division of studio.

Professional undergraduate concentrations are offered in 12 areas of art:

- Art History
- Ceramics
- Communication Design
- Drawing and Painting
- Fashion Design
- Fibers
- Interior Design
- Metalsmithing and Jewelry
- Photography
- Printmaking
- Sculpture
- Visual Arts Studies

Departmental studios are open to students in the evenings and on weekends for completion of required class work. Students must provide their own art supplies. In some courses, additional special materials and/or models are provided. Students then pay a materials fee.

**Academic Advising**

Faculty serve as advisers for students who have selected a major. Academic advisers are available to assist undecided majors, freshmen and transfer students in the School of Visual Arts Student Services Office, Art Building, Room 111. Advisers assist students in the selection of courses and answer questions about selecting a major, degree plans, application of transfer credit, and general academic requirements, policies and procedures.

**Transfer Credits**

New students and continuing art majors who are on probation must consult an adviser in their major prior to registration.

New transfer students are required to meet with an adviser in the School of Visual Arts prior to registration. The student should provide a transcript of all college work so the adviser may better assist the student with course selection. Transfer students’ transcript evaluations are tentative, pending successful completion of a term/semester of work in art at UNT. To be substituted for a required art course, a transferred course must be reviewed for approval. It is the student's responsibility to provide the faculty adviser with a copy of the catalog that describes the content of any course to be transferred. Faculty advisers are available by appointment when school is in session.

Transfer credits in art from other schools can be substituted for UNT degree requirements only when content of the two courses is the same. Art core courses (Art Appreciation, Design I, Design II, Drawing I, Drawing II, Art History Survey I and Art History Survey II) are transferable from most schools. Transfer courses in the major area of art are carefully scrutinized to be sure that students have acquired necessary competencies.

Students who transfer to UNT as art majors generally need at least three years at the university to complete degree requirements in sequence.

**Academic Requirements**

Art majors and art minors must take courses on the four class levels in sequence and must maintain at least a 2.5 grade point average in all art courses. Only grades of C or better in art courses will count toward a student's degree requirements. The teacher certification program for visual arts studies majors requires a 2.75 cumulative GPA on all UNT and transfer work.

**Advanced Placement**

Students who have completed Advanced Placement art courses in high school, earning scores of 3, 4 or 5, may receive the following credit toward UNT degrees in art:
### Programs of Study

### Degree Requirements and the University Core Curriculum

Occasionally a course required for a degree may also satisfy a requirement of the University Core Curriculum. In addition to taking the required course, a student may elect to take a different course from among those available to fulfill that core requirement; doing so, however, may add to the total number of hours required for the degree. Students who have questions regarding degree requirements and core requirements should consult a SOVA degree program adviser.

**International Baccalaureate**

Students who have completed the International Baccalaureate ART/DESIGN higher level examinations with a score of 5 or higher should consult the School of Visual Arts Associate Dean for Academic and Student Affairs, Art Building, Room 111, regarding the application of IB credit toward degree programs in the School of Visual Arts. Students who wish to petition to substitute IB work for credit other than an art elective should be prepared to show a portfolio of work.

**Portfolio Reviews**

Each major has a review system. Some majors require an entry-level portfolio review and a mid-point portfolio review, which the student must pass to continue in the major. All majors require that seniors pass an exit review and/or a capstone course prior to graduation. It is the students’ responsibility to familiarize themselves with all requirements for their major. Further information regarding the review system for each major is available from the School of Visual Arts Student Services Office. Upon request, advising staff will provide students with a curriculum sheet that specifies degree requirements and outlines the procedure for required review(s) in their major.

Students who do not pass one or another of the successively required reviews should consult with their faculty adviser and/or the division chairperson regarding further options.

Students are responsible for notifying faculty that they need to participate in the exit review. A faculty adviser in the student’s major should be contacted at the beginning of the student’s last fall or spring term/semester prior to graduation. Exit reviews are conducted only in fall and spring terms/semester. Students who anticipate summer graduation must have their work reviewed during the previous spring term.

**Note:** Students should contact a faculty adviser in their major for specific expectations and procedures for all portfolio reviews.
