Supplemental Information for BFA with a Major in Photography

Portfolio Reviews for Photography Majors

Students will be expected to develop the following minimum competencies before completion of a degree in photography:

- technical competence in both black and white, and color photography practices.
- awareness of photography as an art medium in historical and contemporary context.
- development of sound art concepts into a portfolio of creative work.

Mid-Point Review

After completion of ART 3600, Color Photography, students will participate in a review process comprised of:

- a written examination covering technical and aesthetic information from basic courses in art and photography; and
- presentation of a portfolio of work for review by a panel of faculty; work should evidence skill in:
 - black and white negative processing,
 - black and white printmaking,
 - color printmaking,
 - professional print presentation, and
 - development of sound art concepts.

Students must pass the exam and portfolio review before they are allowed to enroll in photography courses beyond ART 3600.

Students who do not pass the review may resubmit work the following semester; before the second review those students may be asked to repeat a course that the faculty feels would be beneficial. Failure to pass the review after three attempts indicates low potential for success and will automatically eliminate the student from the photography program.

Transfer Credits

Transfer students must submit work for review when they are counseled preceding their initial registration at UNT.

Senior Exit Review

A senior exit review is required of all seniors in the School of Visual Arts prior to graduation in order to establish that basic competencies in the major are met. For photography majors, this review occurs in the last ART 4806 course the student is required to take before graduation. Graduating seniors should identify themselves to their instructor during the first week of class. Reviews are not conducted during summer sessions; students should not take their final ART 4806 at this time.

The exit review includes a creative portfolio of images which should be prepared as a one-person exhibition. If the show is not actually hung, the portfolio will be presented to the photography faculty for review. Students will submit the following for the senior exit review:

- portfolio of 15 related images prepared for exhibition.
- written artist's statement.
- 10 quality slides of the student's work.

Students who do not pass the review will receive a grade of "Incomplete" for ART 4806 and will be barred from graduation until deficiencies are corrected.

Results

Record of success in passing each review will be furnished to the student and recorded for the School of Visual Arts.
